Three thousand one hundred and eight (64.8 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during June, in comparison with 2,716 applicants (65.3 percent of those investigated) approved the preceding month and 2,724 applicants (65.6 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented an increase of 14.4 percent over the number approved in May, and an increase of 14.1 percent over the number approved in June, 1986.
